PVC Window & Door Systems

PVC Window & Door Systems

Hello,

We are witnessing the fact that the world is getting smaller each day with the increase in the knowledge of the sectors and the developments in innovations.

Bese Metal is operating at the construction sector since 1996 at its 4000m² enclosed area facilities equipped with latest technology.

Bese Metal has achieved “**UNCONDITIONAL CUSTOMER SATISFACTION**” without making a concession from **quality**, with its shelf profiles, inner and outer doorframes, joinery profiles, shutter gutters, support sheet profiles for PVC joinery and all kinds of open profile production. As a leading firm of the sector, **Bese Metal** is enjoying its well-earned pride for the level of quality and customer portfolio achieved.

In April 2005, **Bese Metal** started to produce PVC Window and Door systems, under the same structural organization and same principles with the brand of “**mywin**”, and is aiming to become one of the trademarks in this sector as well.

Bese Metal has achieved to combine reliability and aesthetics and to present these products to the customers with the help of its experienced staff and the right material choices for PVC profiles manufactured at European Standards under the “**mywin**” brand. Our objective is to become a worldwide brand, which heeds consumer satisfaction and embraces continuous innovations.

Respectfully,

mywin

Merhaba,

Sektörlerin sahip olduğu bilgi birikimi çoğaldıkça ve yenilikler geliştikçe dünyanın küçüldüğünü görmekteyiz.

Bese Metal, küçülen bu dünyada 1996 yılında 4000 m² kapalı alan üzerine en son teknolojiye sahip tesislerinde inşaat sektörüne hizmet vermektedir.

Bese Metal, raf profilleri, iç ve dış kapı kasaları, doğramalık profiller, kepenk olukları, PVC doğrama içi destek sacı profilleri ve her türlü açık profil imalatı ile kendine prensip edindiği **KALİTE** den taviz vermeyerek "**MUTLAK MÜŞTERİ MEMNUNİYETİ**" ni gerçekleştirmiştir. Sektörün öncülerinden olan **Bese Metal** ulaştığı bu kalite ve müşteri portföyü ile haklı gururunu yaşamaktadır.

Bese Metal, 2005 yılı Nisan ayı itibariyle aynı çatı altında, konusunda yabancı olmadığı ve hizmet ettiği PVC Pencere ve Kapı Sistemi sektörüne "**mywin**" markası adı altında PVC Pencere ve Kapı Sistemini aynı görüş ve prensiplerle sektöre yeni bir marka olma yolunda faaliyetlerine başlamıştır.

Bese Metal, "**mywin**" markası adı altında Avrupa standartlarında üretilen PVC profillerde, konusunda deneyimli kadrosu ve doğru malzeme seçiminde kendini geliştirerek, profillerde güveninirliğini ve estetiği bir araya getirmeyi başarmış ve kullanıcının beğenisine sunmuştur.

Amaç; sürekli kalite anlayışıyla son teknoloji ile kurduğu tesislerinde, daima kaliteli profil üretmek, rekabeti fiyatla değil kalitede aramak, sürekli yenilik anlayışını benimsemek ve tüketici memnuniyetine önem veren dünya çapında bir marka olmaktır.

Saygılarımızla,
